

CHROMAzen™

Decorative Exterior Coatings

ChromaZen™ Decorative Coatings for Cookware and Bakeware

ChromaZen™ one- and two-coat systems are available in virtually any color and performance requirement. Hentzen's rapid response coatings deliver industry leading scratch and mar resistance while providing superior easy-clean properties. Partner with Hentzen on an environmentally-friendly formulation to enhance appearance or outperform tough industry standards. Application methods include spray, roller and curtain.

AquaZen Brilliance™

Water-based coatings formulated to provide brilliant color to exterior surfaces of aluminum bakeware and cookware.

Opulence™

Release coatings designed to provide brilliant color and superior release properties to interior or exterior surfaces of metal bakeware and cookware.

Different Application Methods for ChromaZen™ Coatings

ChromaZen™ C = Curtain

ChromaZen™ R = Roller

ChromaZen™ S = Spray

Brand Attributes

Description	Temp (°C)	Time (mins)	DFT (mils)	Hardness
